**Subject:** Resolution Authorizing the Release of Unneeded Portion of Canal Reservation along SW 42 Street and SW 167 Avenue in Miami-Dade County, Subject to Certain Conditions

---

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the execution of a Miami-Dade County disclaimer for the release of unneeded portion of canal reservation in Tract 8 of Section 20, Township 54 South and Range 39 East, Miami-Dade County, subject to certain conditions.

## **Scope**

The site is located along SW 42 Street and east of SW 167 Avenue in Commission District 11, which is represented by Commissioner Juan C. Zapata.

## **Fiscal Impact/Funding Source**

This item does not require the expenditure of any Miami-Dade County funds.

## **Track Record / Monitor**

The Water Control Section Manager within the Department of Regulatory and Economic Resources, Division of Environmental Resources Management (RER-DERM), Maria D. Molina, P.E., will be responsible for tasks related to this transaction.

## **Background**

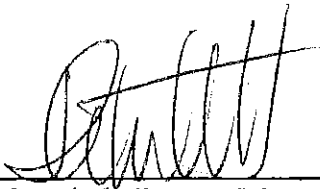

In 1960, the Central and Southern Florida Flood Control District, later known as the South Florida Water Management District, gave to the County a canal reservation for canal and water management purposes in connection with the Miami-Dade County Water Control Master Plan over the north 225 feet in Tract 8 of Section 20, Township 54 South and Range 39 East, now located along SW 42 Street between SW 167 Avenue and SW 164 Path. A site diagram is attached.

The property encumbered by the above-stated canal reservation is owned by Lennar Homes, LLC. Lennar Homes, LLC, plans to build residential units on this property and has requested the release of the southern 165 feet of the 225 foot wide canal reservation. In exchange, Lennar has offered to dedicate by plat to Miami-Dade County a 60 foot wide right-of-way, which may include the existing canal and may be used for County right-of-way purposes including but not limited to canal, bicycle and/or pedestrian pathways. The proposed dedication would effectively transfer ownership of the 0.908 acre portion to the County. Lennar has also offered to dedicate by plat a 15 foot wide canal maintenance easement, with a total area of 0.227 acres, which also may be used for a bicycle or pedestrian path and related purposes. Lennar has made these offers in exchange for the release of the remaining 165 foot wide canal reservation, with total area of 2.498 acres, as shown in Attachment A. These dedications are reflected on the current plat that is scheduled to come before this board this fall for final approval, and the dedications would be made at that time.

Honorable Chairman Jean Monestime and  
and Members, Board of County Commissioners  
Page 2

The requested 165 foot canal reservation is no longer needed for canal and water management purposes in connection with the Miami-Dade County Water Control Master Plan, provided that the aforementioned dedications are made. It is therefore recommended that the Board authorize the execution of the subject disclaimer for the release of the unneeded 165 foot wide portion of canal reservation on the south side of the north section line of Section 20, Township 54 South and Range 39 East, conditioned upon the subsequent dedications by plat.

Following the release of the 165 foot wide portion of canal reservation by the County, Lennar Homes, LLC would need to pursue further release from the South Florida Water Management District and/or other agencies or entities, as appropriate.
